

## **Stainless Steel Water Bottle Company with a Purpose and a Message**

*Affirm Water announces the availability of 32 oz or 20 oz stainless steel, reusable, non-leaching, customizable water bottles with a positive affirmation. This is being done in conjunction with the launch of the company's website: [www.affirmwater.com](http://www.affirmwater.com).*

([PRWeb](http://PRWeb)) August 31, 2007 -- Affirm Water believes stainless steel water bottles are the safest and best choice for a drinking vessel, both for your health and the environment. Affirmwater.com is happy to announce the availability of both 32 oz and 20 oz stainless steel, non-leaching water bottles. These bottles are detailed with a positive affirmation - "I am water, water is life." The larger bottle holds 32 oz of water and is perfect for use in your car or on your bike. The smaller 20 oz bottle is ideal for day hikes or for your little one's lunch box.

A travel tote is available in a variety of colors. This tote is perfect for insulating and carrying either size bottle during your daily activities or on those long hikes. The bottles are customizable with a personalized message or company logo at a reasonable price. Affirmwater.com is a proud supporter of the Nature Conservancy for the protection and preservation of water, and donates one dollar of the proceeds of each bottle sold.

Alicia Grimaldi, founder states, "Water is healing and there are so many aspects and healing properties to this precious resource. We need to protect it, preserve it, and partake in the most healthful way, as well as spread the word. So, why not promote your company while promoting water? It's all about the water, getting more in." Check out the website to find everything you want and need to know about water!

### About Affirm Water

Affirm Water is run by two women with a vision of getting people to drink more water, to be resourceful, respectful and to make a positive difference in the world!
